

Adelaide Hills Farmers Markets (AHFM)

Qualifications to Trade

ADELAIDE HILLS FARMERS MARKETS

100+ point system

Background:

The Adelaide Hills Farmers Market (AHFM) has adopted a system to qualify a potential stallholder and to issue a Licence to Trade at the AHFM. The document is used to preferentially qualify traders that produce goods that are fresh, seasonal, organic, and fresh, of high quality and are produced from within the Adelaide Hills regions.

If you get 100 points or more, then fill in an application form and submit to the manager. Please also submit your 100 point application form so we can validate it. Adelaide Hills region has been defined as the area within the boundaries of the Adelaide Hills Council and the Mt Barker Council. It is at the discretion of the AHFM committee to qualify applicants that fall marginally outside these boundaries.

Qualification test

1. For applicants to qualify for trading at the Adelaide Hills Farmers Market must obtain a minimum of 100 points. There are four alternative forms which reflect different production types. Only fill in the form relevant for your products.
2. Applicants that have qualified to trade at the AHFM will be allocated a stall site. Site allocation will be given in descending order of category, ie primary producers rank before value adders.
3. To achieve a balance of product offered at the AHFM, specific product stall will be allocated on a percentage of total basis ie 2 bread stalls per 20 total stall sites.
4. Applicants that qualify on the point system but cannot be accommodated for trading will then be placed on a waiting list for places according to availability of sites.

Applicants name:.....

Trading name and entity.....ABN.....

Location of primary production/food processing.....

Authorised person.....Position.....
